			<p>17. Laura Cielēna ; Expert of Saulkrasti Tourism Information Centre</p> <p>18. Gita Lancere; Intangible cultural heritage expert of Latvian National Culture Center</p> <p>19. Ieva Drozdova; Cook, restaurant “Pie Kamīna”</p> <p>20. Pārsla Dzērve; Director of Salacgrīva County Culture Centre</p> <p>21. Arta Skudrēna; Manager of Saulkrasti Culture Centre</p>	<ul style="list-style-type: none"> • Mapping of existing cooperation platforms by identifying which of the areas mentioned in the Activity Description do or contribute to. Identify missing activities and “Weaknesses”. Expand the circle of stakeholders, primarily with Tourism Promoters (Exit Riga, Vidzeme Tourism Association and others) • Promotion of fisheries-related business. This could be complemented by innovation and added value in this business area. Activate cooperation between coastal municipalities to promote this business • Creating project idea bank in order to promote the implementation of ideas, partnerships, project development • Importance of inclusion of cultural heritage into the list of intangible cultural heritage, cooperation among initiatives in applying for inclusion into the list for local and international recognition of cultural heritage • Capacity building, training events and workshops; • Cross-sectoral cooperation, eg: painting and fishing, joint museum projects;
--	--	--	--	---

				<ul style="list-style-type: none"> • Exchange of experience between platforms, museums, fishermen, maintainers of fishing traditions; <p>Action 2:</p> <ul style="list-style-type: none"> • Promotion of mutual co - operation between museums - creation of joint projects, exhibitions, improvement of web pages, restoration of exhibits, restoration of a model stove, organization of events that promote the preservation and popularization of traditions; • Creation of a room / canopy (Daugava Museum) - for the exchange of fishermen's experience stories, experience; This could be the infrastructure required for the operation of the Museums. • Creation of a lamprey network page; • Establishment of fish tasting groups, eg Jurmala fish Thursdays; • To invite the residents to get involved in the creation of museum exhibits - to share their legacy exhibits - to be part of the exposition; • Training of museum staff;
--	--	--	--	--

				<ul style="list-style-type: none"> • Trainings/workshops of coastal fishing professions - net patchers, fish smokers, rope winders (museum educational program); • Digitization of museum expositions and offer, interactivity (technologies and IT solutions) <p>Action 3:</p> <ul style="list-style-type: none"> • To organize joint events of catering service providers, tastings, exchange of knowledge; • To find an opportunity to participate in fishing and cooking activities themselves; • Development of a fishing manual / booklet for coastal fisherment how to carry out coastal fishing: registration, permits, regulations to guide through bureaucratic process • Reducing the bureaucratisation of fisheries through digitalisation - the ability to register online, facilitate processes and save time, an obstacle - the relationship between fishermen and computers towards "you"; good practice - digitized catch logs; • Establishment of a common database on the location of fishery products;
--	--	--	--	---

				<ul style="list-style-type: none">• Co-operation of supervisory authorities, common links, so that different authorities do not have to report on the same thing;• Lamprey catching in the Daugava, including creating TEK, has special knowledge and places where it was done Action 4: supported/no detailed discussion
