Study visit BEEP 2: 22/06/2021

On 22/6/2021 a virtual study visit was held for the partners involved in the SMEPOWER project, related to the good practice Beep 2 (Business Energy Efficiency Project), presented by the British partner Durham County Council. The event that was supposed to take place in County Durham, due to covid, took place in online mode.

The Good Practice has aroused particular interest among stakeholders because it provides for a first free energy audit for SMEs, subsidized by the ERDF and Durham County resources, with the aim of helping to improve business productivity, energy efficiency, carbon emissions and reduce energy costs. In essence, one of the first obstacles for entrepreneurs would be eliminated, namely the first initial investment in energy audit.
