Cross-regional synergies

Workshop in Crete

Its essential to identify a couple of areas of interests, to arrive in Crete prepared.

Allowing us to:

- **Discuss potentials and possible strategies**
- **Focusing the research about financial instruments to suit our needs**
- **To exploit this to apply for a Pilot**

Cross-regional synergies

Launching the Benchmark

REPLACE
Interreg Europe

 **EUREGIONS TALK 30 MIN**
12/10/2021 12,30 – 13,00 CET Brussels Time

DESCRIPTION

Take part in the **official launch** of the tool by asking questions and speaking in the debate: **the benchmark is a practical instrument allowing regions to apply circular economy principles, to evaluate their own current performance and to look at what other regions are doing.**

Participants will have an exclusive opportunity to test the Circular Benchmark Tool first-hand, getting access to this highly useful resource for assessing the state of play of the circular economy in their region.

A four-step approach to building a regional strategy for the circular economy transition

DESCRIPTION

Discover the **four-step methodology developed to build a regional strategy for the circular economy transition**: from a local analysis to enhancement of circular value chains. This approach is the result of **collaboration among 17 European regions** as part of the SCREEN project (www.screen-lab.eu); the methodology is now being tested in eight regions as part of the REPLACE project (www.interregeurope.eu/replace). We look forward to collecting your insights and inputs.
