Digital tech SMEs at the service of Regional Smart Specialisation Strategies

Increasing collaboration between the digital and smart specialisation sectors

Welcome to the third newsletter of **DEWISE**, or '**Digital tech SMEs at the service of Regional Smart Specialisation Strategies**', a project where 10 European regions are working together to unlock and exploit the potential that digital SMEs have as enablers to increase the competitiveness of other strategic sectors. Here, we will keep you updated on the main project activities, media and events.

Manufacturing SMEs in Border Region
