Building a successful partnership
Starting blocks

1. What do I want to change?
2. How can I make a change?
3. Who can make the change?
4. Who else to involve?
1. WHAT DO I WANT TO CHANGE?
What do I want to change?

- What is the challenge I want to address in my region?
- Are there other regions sharing similar challenges I could learn from?
What do I want to change?

To be as specific and focused as possible: key to a successful application

Examples:

“To improve natural and cultural heritage management”

Too vague; innovative character?

“To preserve medieval and military based heritage in mountainous regions”

The ‘who’ and the ‘where’ are clear!
In the application form

B.2.1 Policy instrument 1

B.2.1.1 Definition and Context

Territorial context

What is the geographical coverage of this policy instrument?

What is the state of play of the issue addressed by this policy instrument in the territory? Why is this particular issue of relevance to the territory and what needs to be improved in the territorial situation?

Is this issue linked to the national/regional innovation strategy for smart specialisation (RIS3)?

→ Should refer to the topic addressed!
In the application form

C.2 Issue addressed

Based on the information provided in section B.2 (‘policies addressed’), explain in more general terms the regional development issue addressed by the project and, in particular:

- How is it relevant to the INTERREG EUROPE programme and to the selected specific objective?
- How can interregional cooperation contribute to improve this issue?

C.3 Objectives

- Structural Funds programmes
  *e.g. Regional operational programme of Andalucía, Interreg Estonia-Latvia cooperation programme*

- other local, regional or national policy instruments
  *e.g. Waste management plan of Flanders*

→ key element to be identified by each partner region at the start of your application

TIME FOR QUESTIONS
Starting blocks

1. What do I want to change? territorial context

2. How can I make a change? policy instruments

3. Who can make the change?

4. Who else to involve?
3. WHO CAN MAKE THE CHANGE?
Who can change policy instruments?

My university?  The local NGO?  Grandma?
Who can change policy instruments?

Public authorities:
organisations responsible for policy design and implementation

Core target group of Interreg Europe
How to select partners?

Is the partner competent in the topic?

Can the partner influence the policy instrument?

What can the partner bring to the cooperation?

Other criteria:

- programme’s wide geographical coverage
- partner’s capacity to actively participate in project
Policy relevance

Important when partner involved not the body responsible for the policy instrument addressed

Example:

“the partner can improve the policy instrument. In particular, it is involved in its implementation and obtained a letter of support”

Too vague; no clear relevance

“The partner is one of the core stakeholders consulted in the design, implementation and monitoring of the policy instrument. It is also an official member of the Monitoring Committee who meets twice a year. In 2013, the body managed to introduce a new measure in the instrument thanks to…..

Clearer, more specific
In the application form

B.2.1.2 Partner relevance for policy instrument 1

**Partner**

What are the partner's competences and experiences in the issue addressed by this policy? In case the partner is involved in several applications/projects, please justify this multiple involvement.

What is the capacity of the partner to influence the above policy instrument 1? (e.g. in case the partner is not the policy responsible organisation, what are its links with this organisation? How is the partner involved in the design and implementation of the policy instrument?)

How will the partner contribute to the content of the cooperation and benefit from it?

→ refer to the issue addressed

→ describe involvement in policy making process

→ describe partner’s role in the project
What if the policy maker is not a partner?

→ A letter of support must be provided

This is an eligibility criterion!

What is a letter of support?

- A commitment from the policy responsible organisation to support and follow the project implementation
- A letter of support is not enough to demonstrate policy relevance
Who provides a letter of support?

→ body responsible for the policy instrument addressed

- for Structural Funds programmes: Managing Authorities or other relevant bodies (see country-specific information on programme website)

- for any other policy instrument: Organisation responsible for this policy instrument

- Contributes to action plan development and implementation

→ **key tool** for driving policy change

Group composition varies:

- Relevant public authorities
- Chambers of commerce
- NGOs
- SMEs
- Regional development agencies
- ...

   - Describe each member’s role with regards to the policy instrument

3. How will this group be involved in the project and in the interregional learning process?
   - Describe how the group will be involved in project
Advisory partners?

- Offer a particular competence that can facilitate the project’s implementation (e.g. European network in charge of communication strategy)

- Do not address a policy instrument and therefore do not need to develop an action plan

- Work for the entire partnership

Participation to be justified in section B.1 of application form
TIME FOR QUESTIONS
Recap of starting blocks

Final recommendations

Be careful in the definition of policy instruments & territorial context

- Ensure policy instruments and territorial context reflect the overall issue

- Clearly indicate the name of the Structural Funds programmes addressed

- Select the right partners

→ Eligibility issue
Final recommendations

If policy makers are not directly involved, demonstrate the policy relevance of your partners!

- **Policy relevance** = involvement of an organisation in policy making process and capacity to influence policy instrument

- Core element of quality of partnership (dedicated question in section B.2 of the application form)

- **Letters of support not sufficient** to demonstrate policy relevance of partners

Main weakness identified in the first two calls!
Thank you!
