Type: [Platform](#)

Covid-19 hub

COVID-19

As a reference programme for European regional policymakers we support our community of 17 000 members for a fast recovery from the global COVID-19 pandemic and its consequences. On this page, you will find information about how we can help you and how you can get involved. Have a look at:

- Good practices from all across Europe that can help you mitigate the pandemic's effects
- Online thematic activities to inspire you and help you find solutions to common challenges
- Tailored support from our Policy Learning Platform experts
- Related news and events published by us, our projects and other institutions

How we help you

Good practices

Our [good practice](#) database is full of solutions from across Europe that our Policy Learning Platform experts have validated. We are in contact with our good practice owners to tell us which of their good practices can help regions mitigate the social, economic and environmental effects of the outbreak.

Very soon, you will be able to search our [database](#) using the **keyword COVID-19** to find them. In the meantime, **share your own** know-how, experience and [good practices](#) to get involved.

Are you an Interreg Europe project?

We've put in place temporary measures to help you.

[Find out more](#)

[Share your good practice](#)

A light grey map of Europe with several teal location pins. One pin in the center has four orange arrows pointing outwards to the left, right, top-left, and bottom-left.
