

# LOCARBO

## Novel roles of regional and Local authorities in supporting energy consumers' behaviour change towards a low CARBOn economy

Duration: 2016 – 2020

Programme: The Interreg Europe

Lead partner: Province of Potenza (IT)

Project partners: Basilicata Region (IT), Municipality of Vila Nova de Gaia (PT), Durham County Council (UK), Kaunas University of technology (LT), Hungarian Innovation and Efficiency Nonprofit Ltd (HU), Municipality of Alba Iulia (RO)

Coordinator KTU: prof. dr. Jolanta Dvarionienė

LOCARBO targets energy efficiency of buildings by helping regional and local authorities change energy consumers' behavior through supplementary services and products offered by the authorities, innovative cooperation models and innovative smart technologies.
