

**Media Release – 09/03/2017 - <http://innocity.hu/>**

**Inno City    REBUS – Interreg Europa**

We are currently in the REBUS conference in Malmö, where the Swedish colleagues share their experiences of energy saving solutions in public institutions!

Learn More: <https://www.facebook.com/interregeuroperebus/>

The project is funded by Interreg Europe, supported by the European Regional Development Fund, co-financed by the European Union and Hungary.
