Interregional Energy Efficiency Event organized under the REBUS project - "Measures for energy rehabilitation of buildings"

"Representatives of the South East Regional Development Agency (SE RDA) participated in the second interregional energy efficiency event on 5th and 6th October 2016, in Crete, organized with the support of the Greek Crete Administration, within the REBUS project "Measures for energy rehabilitation of buildings".

The project aims to support the transition to a low-carbon economy in all sectors by improving the implementation of regional development policies and programs.
