Stakeholders

- Lodz Agricultural Advisory Centre in Bratoszewice
- Research Institute of Horticulture in Skierniewice
- Lodz University of Technology
- Department of Agriculture and Environment Protection
Need for improvement in the following areas:

1. access to market knowledge
2. innovation and business environment,
3. economic environment (in order to adapt to the needs of potential investors),
4. increase in foreign trade in the SME sector,
5. implementing innovative investments by SMEs
6. create a demand on the local market for innovative products,
7. improvement of the competitiveness and development of enterprises
8. implementation of innovative products and production processes.

The support is targeted on investments related to the expansion of SMEs, changes in the manufacturing process, change in service provision, or organizational changes.
