Announcements, Communications, Events

The South East Regional Development Agency (SE RDA), as the leader of the VIOLET project - "Conservation of Heritage Buildings through Energy Saving Measures" funded under the INTERREG Europe Program, on 20-22 September 2017, will take part in the second interregional event to take place in Nicosia, Cyprus.

The event will present examples of good practice in conservation and restoration of heritage buildings, focusing on energy efficiency measures implemented in partner regions, and working meetings with key actors in the field of energy efficiency.
