November 21st, 2017 | 2nd Learning Journey in Torino
Monitoring and indicators

Approach for the next learning journey
Monitoring is a process that needs to be adapted to Advanced Manufacturing strategies and context

How to monitor innovation policy-mixes to measure the Advanced Manufacturing strategy?

Focus on:
1. Indicators
2. Process of monitoring

At instrument/policy mix level
At strategy level

Source: Magro & Wilson, 2015
Monitoring and indicators

Next steps

1. To define the content of the learning pillar
2. To identify from the baseline studies best practices to be shared by the partner regions
3. To organise discussions for learning in this topic
Thank you!
