REBUS

Interreg Europe

European Union
European Regional
Development Fund

The Rebus European Project supports Local Authorities for the Bando Energia of the Tuscany Region: 30 million available for energy efficiency projects for public buildings.

The Rebus European Project, to which Tuscany participates through the Fiorentina Energy Agency, supports Local Authorities in order to participate in the best way in the Bando Energia of the Tuscany Region.

[\(https://www.interregeurope.eu/rebus/\)](https://www.interregeurope.eu/rebus/)

Local Authorities will be able to contact the Fiorentina Energy Agency for technical and informational support for the drafting of the projects to be submitted to the regional call for 8,000,000.00 euros (to be refinanced up to 30,000,000.00 euro) for improve the energy efficiency of public buildings.

The Rebus project provides:

A Facebook page, "EUROPE FOR TUSCANY", which provides all the technical information on the call and best practices to make public buildings efficient, and where the dialogue is constantly being held open;
