Regional Stakeholder Group Meeting

Partner/Region:	Date:	Round:	Participants:	Main outputs:
Zealanddenmark, Region Zealand	23/01/2018	-	18 regional stakeholders from many municipalities (12), including fundraisers, project developers and Health consultants. Education and research institutions (3), namely one researcher from Roskilde University on Health and technology and researchers from University Collage Absalon from the department of Health education. Representatives from the regional Health departments.	<p>The stakeholder meeting was an integrated part of a network seminar for municipal stakeholders in the Region. The general program had focus on the Interreg programmes, Horizon2020 and the opportunities municipalities have if they choose to join innovation projects in these programmes. The experienced project developers gave their best tips and tricks on how to apply and receive support from the EU, in order to get more stakeholders involved in EU projects.</p> <p>The agenda of the ITHACA stakeholder seminar informed about the work of the Ithaca project, to open up a discussion on how to create a common structure for networking and knowledge sharing on health innovation between municipal stakeholders, the region and the region's research institutions.</p> <p>The stakeholder meeting also contained concrete matchmaking opportunities between stakeholders, with the aim of creating future projects in the field of:</p> <ul style="list-style-type: none"> • Older citizens and the meeting with new health technology • Future health skills
