Innovation, entrepreneurship focus of visiting EU delegation

John Daly

Enterprise Ireland and the Cork Chamber who are all partners in the Cork Innovates initiative to support early start up companies," said head of Innovation Voucher initiative development to build links between Ireland's public knowledge providers and small businesses will form part of the focus for economic development teams from the UK, Spain, Malta, Poland, Slovenia, and Estonia visiting Cork this week. As part of a fact-finding trip to learn how innovation is being spearheaded in the city region, the six delegations arrive as part of the InnoVate EU project, which is focused on the improvement of innovation and entrepreneurship ecosystems in cities across Europe. Cork City Council is one of seven city regions from seven countries taking part in InnoVate. Delegates will learn about schemes such as Enterprise Ireland's Innovation Voucher Scheme — designed to assist small firms explore business opportunities with overseas innovation challenges and systems at their robotic production line in Blackpool. The buildings are completed in less than a quarter of the time used in traditional building methods. "An average structure built using our products can normally be completed within six weeks, depending on the exact options and specifications required. This results in significantly improved productivity without the need to increase resources." "The company's generally designed systems allow for on-site delivery within 24 hours of an order being received. "If we are consulted at an early stage we can optimise the design, reducing on-site build times and importantly, our systems, as most components can

JOB

of the

WEEK

Job: Get your motor running, and you could land a position as a vehicle inspector at some of Cork's NCT centres.

Duties: The National Car Testing Service Ltd, which oversees the NCT vehicle testing regime, wants to appoint suitably qualified motor mechanics to work at its Dept. Applus Car Testing Services Ltd, 3026 Lake Drive, Citywest Business Camps, Naas Rd, Dublin 24, by close of business on December 7. Working on a 12-month fixed term contract, you will be required to work evenings and weekends.

Qualifications: You must be a fully qualified motor mechanic, with the relevant National Craft Certificate in Motor

Applications: Send your CV and a copy of your qualifications certificate to the HR Dept, Applus Car Testing Services Ltd, 3026 Lake Drive, Citywest Business Camps, Naas Rd, Dublin 24, by close of business on December 7. Applications will not be processed without the required documentation.

Mechanics, or equivalent as per the National Framework of Qualifications, and have a full, clean driving licence.

Having worked with Ulster Bank's graduate recruitment team and as a programme manager at UCD Quinn School of Business over a four-year period from 2008, she joined Irish Graduate Fernod Ricard as Jameson graduate programme manager in 2012. "I could sense that graduate recruitment was beginning to pick up again and this revival was something I was keen to be involved in. My combination of skills and experience meant that I could hit the ground running and was very fortunate to gain a role as recruitment officer with Ericsson's HR department, and was exposed, for the first time, to the world of possibilities to a whole new world of opportunities and career opportunities." Opting to pursue a role in the private sector on her return to Ireland, she then joined Fernod Ricard as Jameson Graduate Programme Manager in 2012. "The programme has been voted the Best Graduate Training & Development Program and Graduate Employer of the Year, as well as garnering the Pearson Award for Innovation in Training & Development." Having realised a childhood ambition of supporting the development of support tools for the brand ambassadors. Since joining the Irish Graduates Fernod Ricard team, the Jameson Graduate Programme has risen 145 places to be a top 10 graduate employer in Ireland's 100 Leading Graduate Employers listing.
