13.30	End of meeting
13.30 – 14.30	Light lunch

About REFORM

Sustainable Urban Mobility Plan (SUMP) is a rather new concept with high potentialities of improving low carbon economy policies. Up to now, despite the existence of many studies, the availability of several reference documents and a series of European projects and initiatives, only a limited number of cities across Europe have adopted a SUMP. This is due to competence, knowledge, technical and normative limits together with poor financing by the local administration.

The goal of the REFORM (www.interregeurope.eu/REFORM) project is to improve, through a mutual learning process, the policies of Regional Operational Programs supporting the funding and diffusion of SUMP as the main planning instrument for shifting mobility towards a low carbon intensive mobility pattern. REFORM new approach is based on the key role of Regions which can trigger SUMP development process amplifying the adoption rate by the cities setting a suitable strategic framework, able to overcome the existing limit. A strong exchange of experiences will be put in place in order to generate a huge interregional learning process involving at different stages key stakeholders with an ultimate scope to produce European added value. Four policy instruments will be addressed and consequently four Actions Plans will be prepared.

About the meeting

The REFORM EU Network Event is organised by the Interreg Europe project REFORM. The objective of the meeting is to ensure the proper transfer of knowledge and experience from Good Practice (GP) owners to the local authorities of the four REFORM regions.

Previous to the meeting, the list of GPs has been communicated to all participants in order to make them select the ones most adapted to their context. After a general presentation of the four GPs identified as most relevant by the local authorities, a longer discussion session will be organised to allow GP owners and receivers to exchange.

The event's material will be made available on the REFORM website (www.interregeurope.eu/REFORM)

Practical information

Location: Hotel SEMELI, 10 Petraki Giallourou Str, Nicosia, 1077, Cyprus

Contact: Rob Beentjes, robbee@stellwerk.nl & Thomas Mourey TMourey@polisnetwork.eu

Hotels: Please, register for the SUMP Conference. A list of hotels is communicated with the confirmation email.
