

Andalusia exports to Romania the financing model with the '1% Cultural' that allows to rehabilitate historical heritage

Published 01/11/2018
SEVILLA, Nov. 1 (EUROPA PRESS) –

The financing model of actions for the rehabilitation of buildings of heritage interest of the Junta de Andalucía known as the '1% Cultural', fruit of the collaboration between the Departments of Development and Housing and Culture, will be implemented in Romania, after that representatives of the regional administration of that country have known the details of this budget formula during the recent meeting in Seville of the European Violet program destined to ...
