Working towards energy efficiency!

We are 9 partner regions cooperating to improve EU energy efficiency targets for buildings

Welcome to the second newsletter of CLEAN, an interregional project to increase energy efficiency in housing and public infrastructure by 4% through technology, open innovation and improved low-carbon policy instruments. The project is supported by [Interreg Europe](#) funding programme.

Check the sustainable solutions for an integral green region in Slovenia!

The partnership meets in Savinjska region to attend 'How to reduce energy costs?' seminar and discover energy practices.
