# Newsletter 1

Welcome to the first Newsletter of the **CLEAN project**, or **Technologies and open innovation for low-carbon regions project**, where you will find our latest project activities, partners' news and next events!

## CLEAN has been officially launched in France!

The project has been launched in the region of Normandy (France), at a conference hosted by the project partners **Cooperative Les 7 Vents**.

Representatives and stakeholders from the 9 partner regions have met at the Abbaye aux Dames, in the city of Caen, on 10th and 11th of October.
