

"Circe - European regions toward Circular Economy"
INTERREG Europe Project

MILANO INTERREGIONAL SEMINAR

MARCH 13-14, 2019

Tuesday, March 12

| Time | What |
|-------------|--|
| 18:00-22:00 | PPs' arrivals |
| 20:00-23:00 | Social Dinner ice-braker – A stroll in the center by night |

Wednesday, March 13 – Palazzo Pirelli - via Fabio Filzi, 22

| Time | Main Session | Parallel Session |
|---------------|--|------------------|
| 9:00 – 13:00 | Steering group | B2B for SHs |
| 13:00- 14:00 | Lunch | |
| 14:00 – 16:00 | <ol style="list-style-type: none"> 1. Lombardy Minister 2. Lombardy Circular Economy Observatory (OEC): food waste, built environment, OEC strategic approach 3. PPs + SHs presentations presentations on strategic activities on Circular Economy | |
| 16:15-18:45 | <p>Exchange of experiences</p> <ol style="list-style-type: none"> 1. Each PP presents its Action Plans – Discussion 2. Common Action: start discussion on it and identification of them | |
| 18:45-19:45 | <p>Visit Food waste hub (for distribution of recovered food waste)</p> <p>Presentation done by the Lombardy's SHs:</p> <ul style="list-style-type: none"> - Banco Alimentare (manager of the HUB); - Milan Municipality (Milan Food policy designer of the initiative and owner of the area) - CAUTO: company running similar activities in other regional areas | |
| | | |

| | | |
|-------------|---------------------------------------|--|
| 20:30-23:00 | Social Dinner - Refettorio Ambrosiano | |
|-------------|---------------------------------------|--|

Thursday, March 14 – Site visits – Closing the loop

| Time | What | Details |
|------------------|--|--|
| 9:00 | Living Milan | In front of the regional Building (Mila, piazza Città di Lombardia, 1) |
| 10:00 11:45 | Visit 1 Plastic / Biomass Montello S.p.a. - Montello (Province of Bergamo) | The plant is divided into two main compartments. One is dedicated to the sorting of plastics waste that are directly transformed into flakes and granules material made of specific polymers ready for shaping new plastic products. The second is dedicated to the treatment of organic waste from municipal solid waste: through an anaerobic and an aerobic process, biomethane, CO2 and organic fertilizer are obtained. Website: http://www.montello-spa.it/?lang=en |
| 11:45 – 12:30 | Lunch | |
| 12:30- 13:45 | Trip to visit 2 | |
| 13:45- 14:30 | Visit 2 Built environment Società Leganti Naturali S.r.l. - Paderno Dugnano (Province of Milano) | The company start his activity testing the possibility to recover a new material from the bottom ashes of waste to energy plants. The experimentation was successful and, since few years, the company has set an industrial plant. |
| 14:30- 15:00 | Trip to visit 3 | |
| 15:00- 16:00 | Visit 3 WEEE are the champions Relight S.r.l. Rho (Province of Milano) | The plant start its activity in 1999 with fluorescent lamps, enlarging then his activity on other kind of WEEE, like cathode ray tube devices (TV, computer monitors). This plant is investing on research focusing on possible solutions for recovering the WEEE of the future (e.g. smartphones or LCD screens). Website: https://www.relighitalia.it/en/ |
| | Back to Milan | |

| | | |
|------------------|---------------|--|
| 16:00 – 17:00 | | |
| 19:00- 23:00 | Social Dinner | |

Stakeholders

From Project Partner 5 – London Waste and Recycling Board

WEEE - Nick Rawkins - Recono.me –Offer London-wide collections of unwanted electronics alongside ultra-safe, certified data deletion - Networking Request: Organisations connected to IT, repair/refurbishing, or IT recycling.

Biomass - Jon Harrison - Anaerobic Digestion and Bioresources Association - The United Kingdom’s trade association for anaerobic digestion and bioresources. With our members we promote the economic and environmental benefits of anaerobic digestion in the UK. Networking Request: Other food waste organisations, local authority representatives, those involved in green economic growth, and of course, if available, others involved in the anaerobic digestion/biogas field.

From Project Partner 6 – CD2E Hauts-de-France Region

Plastics - Rémy Belval (<https://www.linkedin.com/in/r%C3%A9my-belval/?originalSubdomain=fr>) – TT Plast (<http://ttplast.com/?lang=en>) - Networking Request: Other organisations connected to the plastic sector and local authority.
