WORK PLAN ACTIONS. Semester 1 (01/09/2018 – 30/11/2018)

COMMUNICATION AND DISSEMINATION

Announcements in media

1.

AGROFOOD Cluster selected the CTC Alimentación magazine for the publication of periodic announcements. The agri-food sector, public bodies and scientists of universities receive a copy of the CTC Alimentación magazine every six months and the general public can access the information through its digital version, available through the CTC website (https://ctnc.es/revistasctc/year).

… AGROFOOD will have profiles on social networks and will contact with Local Governments and digital platforms of public bodies at Regional level to use their distribution lists, using different channels for the diffusion of project announcements

… AGROFOOD is waiting for the newsletter to publish it in Spanish
