## LET'S GO TO KNOW THE COVENANT OF MAYORS FOR CLIMATE AND ENERGY IN VILLORBA

The Mayor of Villorba presents the European initiative and the Sustainable Energy and Climate Action Plan to citizens for an active participation in the energy local policy and a better awareness in sustainable growth.

The Municipality of Villorba is supported by the Province of Treviso, together with other 25 local administrations, because it recognized the Province as territorial coordinator in the Covenant of Mayors initiative. During this public event, the Province of Treviso will present the Interreg Europe "INTENSIFY" project, through which it aims at capitalizing its experience in energy saving by boosting the involvement of the local community in actions aimed at reducing CO2.
