

## 6th Regional Stakeholder Group Meeting (RSGM)

Partner/Region:	Date:	Round:	Participants:	Main outputs:
Municipality of Kavala/Region of East Macedonia-Thrace	11.03.2020	6th	<ul style="list-style-type: none"> <li>-Manos Koutrakis, FRI</li> <li>- Argiris Sapounidis, FRI</li> <li>- Io Chatzivaryti, Municipality of Kavala, Local coordinator of the project</li> <li>- Effrosyni Boskou, Municipality of Kavala</li> <li>- Dimitra Mylona, FRI</li> <li>- Chrysoula Gkoumpili, FRI</li> </ul>	<p>In this 6th RSGM, the meeting took place at the premises of FRI. The meeting aimed to get in detail on the particular ways of cooperation between the projects PERICLES and Cherish as well as to discuss in detail the TEK project that Kavala proposed and its demonstration during the ILEE meeting in Kavala in June.</p> <p>The meeting started with a detailed analysis of the PERICLES deliverables that include: a portal carrying all the partners information on cultural heritage of the fishing communities pictured on an interactive map, leaflets detailing the fish species that our area has and their nutritious quality, a book of scientific publications on the cultural heritage of the fishing communities of our area as well as pictures from the beginning of the century projecting the fishing community everyday life. Finally, a research comparing the Maryland crab gastronomy culture to our own; being both areas with mass crab production. In September the Pericles will meet in Kavala and we are invited!</p>

				<p>Then the Cherish team presented the Cherish deliverables that is the cultural analysis, the TEK report, the ILEE meeting as well as the initiative taken so far to influence the policy instrument.</p> <p>Main outputs:</p> <ul style="list-style-type: none"> <li>• We agreed to sign a memorandum to sustain the Pericles project after the end of the 5 years obligation of FRI to do so</li> <li>• The republishing of the fish leaflets for those to be listed next to the fish containers at the fish markets. We even proposed QR codes so save paper/ printing costs</li> <li>• we offered to provide them our interviews with the lagoon fishermen to be added both to the portal (following the example of the "Lugar do real" platform that we so in Viana) and the book.</li> <li>• In return the Pericles team researches agreed working with us in supporting our TEK report; providing the literature review and a guide through the qualitative/experimental interviews with the fishermen at the lagoons</li> <li>• They also booked us the guided tour at the lagoons for Kavala's ILEE</li> <li>• Agreed on performing a detailed presentation on PERICLES project results during our ILEE</li> <li>• Assisting us at the policy tool instrument influence, merging their forces towards successful project design that could be adopted by our Region and become a call.</li> </ul>
