

EMOBICITY – 3rd Stakeholder meeting

In line with the Project proposal, a local stakeholder group meeting should be held at each participating country, in order for the stakeholder members to familiarise with each other, have opportunities for dialogue and present current problems on e-mobility policy implementation by their point of view and personal experience.

Therefore, the EIHP organized the third stakeholder meeting:

Title: **3rd Stakeholder meeting**

Date: **26.2.2021.**

Time: **11:30 – 13:30**

Place: **Online meeting (MS Teams)**

Host: **Energy institute Hrvoje Požar, Savska cesta 163, 10000 Zagreb, Croatia**

This document brings out the Minutes of meeting accompanied with three annexes: Invitation letter, Attendance list and Event photos.

Minutes of meeting

The third meeting, same as the first and the second ones, brought together key stakeholders from both policy decision makers and those involved in the deployment and development of charging infrastructure for electric vehicles. The Ministry of the Sea, Transport and Infrastructure which is responsible for the policy instrument addressed within the project, as a crucial stakeholder to the achievement of the goals of the EMOBICITY project, was also attending the meeting.

The stakeholder institutions/organizations that attended the meeting where the following:

Category	Institution/organization	
Policy makers	Ministry of the Sea, Transport and Infrastructure	Ministry in charge of the policy instruments addressed by the project
Universities / R&D	University of Rijeka Faculty of Engineering Department of Electric Power Systems	Department in charge of analyses in the field of electric mobility
EV charging infrastructure developers	Piraex d.o.o,	Representative of private sector performing the EV charging point deployment

Bruno Židov (Energy Institute Hrvoje Požar) gave a welcome speech in front of the and presented the activities in the field of e-mobility that are underway and planned in the Republic of Croatia. He presented the progress so far and the achievements achieved within the EMOBICITY project.

Tomislav Čop (Energy Institute Hrvoje Požar) presented one of the current problems we face in terms of incentives for the development of the electric mobility market. He highlighted basic barriers, bottlenecks and presented some examples of good practice.

The **discussion** of all participants was mostly conducted in the context of the incentives, as well as new technological opportunities (prerequisites for a strong deployment of chargers as part of public lighting and V2G technologies).

Igor Ban (Piraex) presented the possibilities Piraex Company (part of TSG Group). They are ready to deliver ready-made technological solutions, both in terms of V2G technologies and in terms of the possibility of integrating public lighting and e-chargers.

Vedran Kirinčić (University of Rijeka) touched on the burning issue related to the level of incentives provided by the state for the purchase of electric vehicles. He stressed the need for detailed analysis and revision of the existing amounts, which he considers to be too high.

Tomislav Židov (Ministry of the Sea, Transport and Infrastructure), as a decision-maker's representative, agrees that more detailed technical analysis is needed, both for the pilot project of integrating public lighting and e-mobility, and in the area of incentive levels. Further bilateral meetings on the subject have been agreed between the EIHP and the Ministry. The dynamics of drafting and adopting an action plan was also commented on.

All stakeholders expressed a strong desire to attend the next stakeholder meeting.

Annex 1 – Invitation letter

Poziv za sudjelovanje na trećem sastanku projekta EMOBICITY

Poštovani,

Pozivamo Vas kao jednog od ključnih dionika u području e-mobilnosti na treći sastanak projekta EMOBICITY, na kojem ćemo predstaviti dosadašnja postignuća u sklopu projekta te prezentirati relevantne primjere dobre prakse iz područja e-mobilnosti. Sastanak će se održati u petak 26. veljače 2021. godine u 11:30. Sastanak će se održati online koristeći MS Teams platformu.

Za više informacija o projektu posjetite [POVEZNICU](#).

Teme

Unaprjeđenje sustava poticanja elektromobilnosti od strane FZOEU

- Poruke i zaključci s tematske radionice održane u jesen 2020. u sklopu projekta EMOBICITY
- Primjeri dobre prakse iz država partnera

Diskusija:

- *Nove inicijative u području emobilnosti (postavljanje punionica za EV u sustave javne rasvjete)*
- *Ključne barijere za razvoj e-mobilnosti u RH?*
- *Mogućnosti implementacije novih tehnologija – V2G*

Agenda

11:30-11:50	Pozdravna riječ	EIHP
11:50-12:10	EMOBICITY – napredak projekta/postignuća	Bruno Židov (EIHP)
12:10-12:30	Mogućnosti unaprjeđenja sustava poticanja elektromobilnosti od strane FZOEU	Tomislav Čop (EIHP)
12:30-13:30	Diskusija	Svi sudionici, Moderator: Bruno Židov (EIHP)

S obzirom da nam je Vaše mišljenje važno u svrhu ispunjenja ciljeva projekta, nadamo se da ćete se odazvati ovom pozivu.

Potvrde dolaska molimo pošaljite na mail: bzidov@eihp.hr

The screenshot displays a Zoom meeting interface. On the left, a large video feed shows Igor Ban (Guest). In the top right, a smaller video feed shows Tomislav Čop. In the bottom center, another video feed shows Vedran Kirinčić. A 'Participants' panel on the right lists five attendees: Bruno Židov, Igor Ban (Guest), Tomislav Čop (Organiser), Tomislav Židov (External), and Vedran Kirinčić (External). A 'Mute all' button is visible in the panel. At the bottom center, a small circular icon with the initials 'TŽ' is shown next to a small video thumbnail of Tomislav Židov.
