# Call for Pilot Actions and Additional Activities

 **only for Interreg Europe  
project approved (256 total)**

# Call for Pilots and Additional Activities

- Available budget 20 Mil
- additional grant 500k
- no physical activities in 2021
- policy instruments addressed: also new
- programming period allowed (21-27 ROPs and REACT EU)
- COVID related activities: examine the effects of COVID for Circular Economy (in particular for Local Analysis focus sectors) since the global supply chain showed its fragility and the climate crisis is increasing the risks for unforeseeable but extremely negative events

# Call for Pilots and Additional Activities

- **deadline: 02/07/2021 h 14,00 CET**  
**submit an idea to our Project officer, if PO agrees, a proposal can be developed therefore no time-consuming commitment but an exploratory commitment to see if we can make the most out of this funding opportunities, since the competition is relatively small**  
**possibility to have an impact at territorial level**

# Call for Pilots and Additional Activities

➤ during the first part in 2021 with no physical activities, **we study and analyse the negative effects of COVID on the Local Analysis focus sectors, involving the stakeholders, then we start with stakeholders-focused services** (lectures on circular economy, then possibility to recover from the crisis through circular economy and new opportunities with the new programming period and the Recovery and Resilience Plan)

➤ **Financing directly stakeholders for tackling the COVID related issues and to support the recovery from the crisis by deploying circular strategies**

# Call for Pilots and Additional Activities

## OBJECTIVES

To address the COVID-19 crisis through additional activities meaning to:

- Estimate the impact of the crisis on the **issue addressed** by the project
- Identify experiences to face and recover from the crisis
- Further **improve the policies** of the different regions

Compared to previous measures: specific focus on crisis

# Call for Pilots and Additional Activities

## ACTIVITIES

- Traditional **exchange of experience** activities  
(e.g. interregional policy learning events, stakeholders group meetings, joint analysis)
- **Pilot actions** only in justified cases, usual programme criteria apply  
(check dedicated webinar for further info)
- *Related communication activities*  
(e.g. website updates)

Advice: not to plan any physical interregional events before beginning of 2022

# Steering Committee

## ACTIVITIES SEMESTER 4

- **May 21> (web) Circular Focus sectors presentation for potential combinations at cross-regional level**
- **May 21> (web): Participation in Policy Lab dedicated to digital services for the regions**
