## Developing new learning experiences in the context of Covid-19 energy usage impact!

**CLEAN project partners continue working to face the new challenges that Covid-19 brought in the field of energy efficiency to the partner regions.**

Welcome to the seventh newsletter of CLEAN, an interregional project to increase energy efficiency in housing and public infrastructure by 4% through technology, open innovation and improved low-carbon policy instruments. The project is supported by [Interreg Europe](#) funding programme.

### **CLEAN project Study Visit in North Karelia**

On the 17th & 18th of May CLEAN partners visited Joensuu city in North Karelia (Finland), to know more about the solutions that can decrease energy consumption and improve energy efficiency of living in the post COVID19 world.
