11.00-11.30	Coffee break
11.30-13.00	Financing opportunities for SMEs in Hocare related thematic

HoCare project 1st stakeholder group meeting was held on 17th of March, 2022 in Kaunas. The aim of the meeting was to present the HoCare project activities and aim to I-vita Cluster members and to get to know their activities, services and products developed in homecare sector. 12 participants from Cluster and 3 experts from Lithuanian Innovation centre have participated in this meeting.

HoCare project manager dr. Ingrida Krogertė presented Hocare project, aims of the project. Cluster members suggested to present „Remote smart heart monitoring system” as a good practice from Lithuania. After some discussion about other optional GPs, it was envisaged that financial

measures related to covid-19 had a big impact and were very usefull for companies. So the financial measure “Support for covid-19 related product development” was suggested as the 2nd GP from Lithuania.

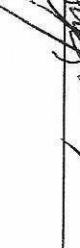

I-Vita Cluster introduced high-quality and high-value-added health technology products and services that can improve human security, add efficiency to their activities, contribute to the prevention and public education, and promote healthy lifestyle habits. Participants have presented their products developed.

Besides, experts from Lithuanian Innovation centre provided consultations for cluster members about future financing period possible investment to R&D&I and support for SMEs.
