## Community of peers

**60+** Networking and policy-learning events

## Expert policy support

**36** Peer reviews

**15** Matchmaking sessions

**100+** Policy help desk support

# Cycling cities IV: Cargo bikes for the last mile

Policy Learning Platform

The Policy Learning Platform is back with a new webinar in its **cycling cities webinar series** to continue the journey to support cities and regions in designing policies to foster urban cycling started in early 2021.

On **16 September** from 14:00 to 15:30 CEST a new cycling cities webinar will take place. It will focus on **cargo bikes for the last mile**.

Policy makers, urban planners and clean mobility managers, will have the chance to discover principles for setting up cargo bike hubs and how to design policy framework for last mile cargo bike deliveries in city centers. Financial support schemes for the purchase of cargo bikes, strategies to build e-cargo bike fleets and e-cargo bike lease schemes for SMEs will also be showcased.
