About us

HOPE UA - Ukrainian Charity Foundation aimed at supporting victims of the consequences of Russian terror.

Our goal: Establishing a system of assistance to war victims.

Mission: To help Ukrainians by uniting like-minded people who care for the victory of Ukraine.

President's award

In accordance with the Decree of the President of Ukraine No. 850/2022 on awarding the badge of the President of Ukraine "Golden Heart" for a significant personal contribution to the provision of volunteer assistance and the development of the volunteer movement, in particular during the implementation of measures to ensure the defense of Ukraine, the protection of the safety of the population and the interests of the state in connection with Russia's military aggression against Ukraine and overcoming its consequences, it was decided:

To the awarding of the "Golden Heart" award of the President of Ukraine to Roman Hrynkevich, volunteer and director of the charitable organization "NOPE UA Charitable Foundation"

Aim

Hope UA aims to create a comprehensive rehabilitation center, and to introduce a unified system of effective psychological rehabilitation for children. We support large families, orphans and children of military servicemen who suffered from the war and continue to help them since the beginning of the war.

The mission is to ensure a happy future for Ukrainian children.
A Ukrainian child today is a future conscious citizen of a free Ukraine.

The goal is to ensure the social, psychological and humanitarian security of children affected by the war.

By joining any of the Hope UA projects, you help Ukrainian children and contribute to their happy childhood and future.

**Psychological Stabilization and Rehabilitation
Project for Children Affected by the War**

Hope Kids

It is a center for psychological rehabilitation for children affected by Russian terror and suffering from post-traumatic stress disorder (PTSD). The space provides a safe place for families and orphans where children can receive professional psychological help.

Purpose: To provide support and assistance to children who suffered from Russian aggression in the occupied territories and in the regions most affected, experienced or witnessed violence, by providing qualified psychological support, which will help them to stabilize their emotional state and recover from the traumatic war experience.

A young girl with long brown hair, wearing a white dress and white shoes, is running across a city street. She is holding a large bouquet of yellow and purple flowers. The street is paved with asphalt and has white double lines. In the background, there are several people in dark uniforms, possibly police or military, standing in a line. There are also some buildings and a large crowd of people in the distance. The scene is brightly lit, suggesting it is daytime.
