

SMAPE

Shared Mobility Action Programmes Exchange

**Improving shared mobility policies
to support a shift away from private car use
and move towards more sustainable options**

Access to more travel options
(car, e-cargobike, bike, e-bike, e-scooters and
e-mopeds, ridesharing, public transport)

**Lower car dependency and
ownership**

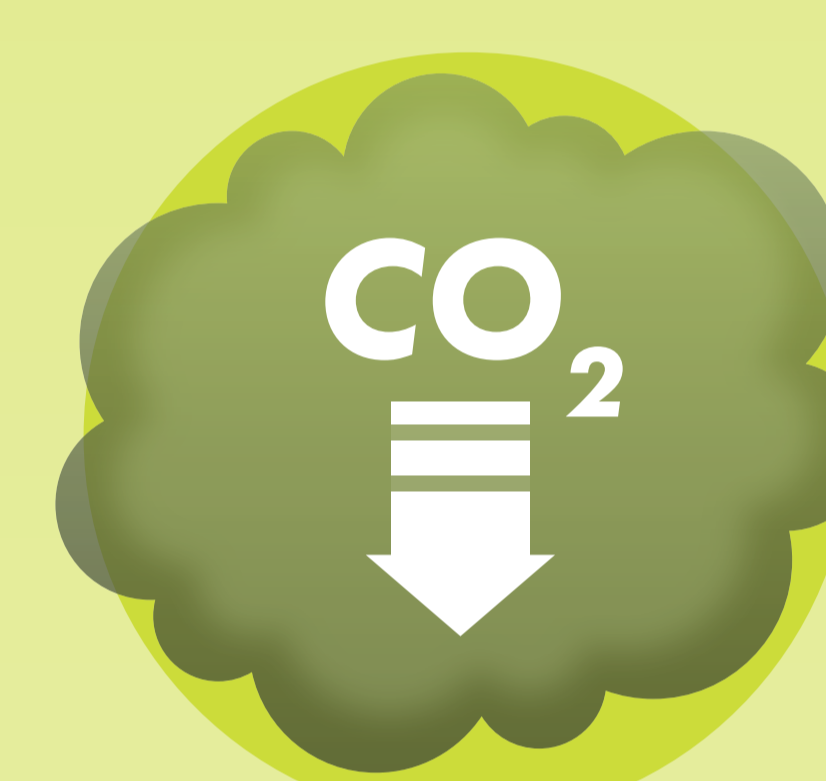

**Safer and more liveable
streets**

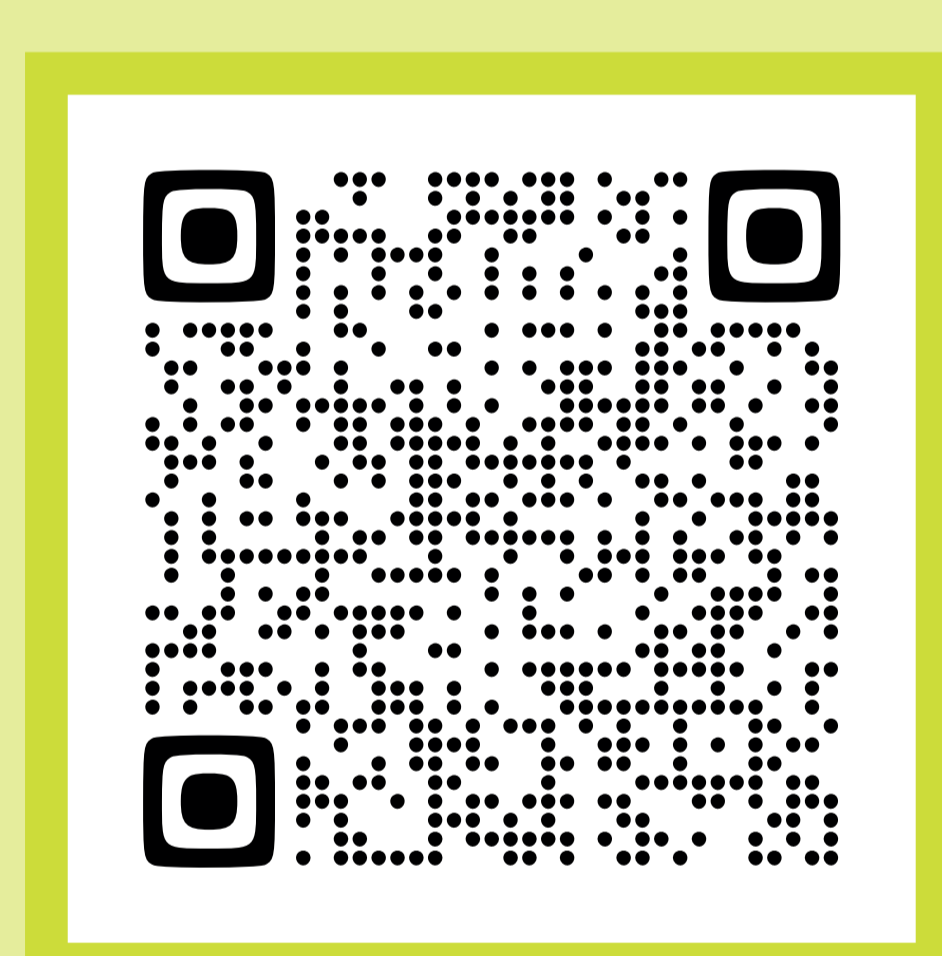

**Higher use of sustainable
and healthy modes**

**Less car use and faster shift
to other transport modes**

**Reduction of transport
related emissions**
