Aufbauwerk Region Leipzig GmbH is a regional development agency specialized on EU projects of the City of Leipzig and the surrounding districts. It has realized over 100 European and national projects in the field of entrepreneurship and innovation, employment and social affairs, urban development and energy and environment. The key competences are the administrative and finance management of European projects as lead or project partner.

**The role in EMBRACER**

As a municipal company, Aufbauwerk Region Leipzig GmbH works in the interest of its stakeholder, the public administrations in the region. Thus, the international exchange meetings organized within EMBRACER are crucial to learn from and with international partners. In the region, Aufbauwerk Region Leipzig GmbH facilitates connections for regional stakeholders, such as administrations and interest groups to collaboratively work on connecting Leipzig with the surrounding suburban and rural areas.

**The importance of being part of EMBRACER**

As a region with a strong interest in the future of the automobility industry through e-solutions as well as the strengthening of green urban mobility, Leipzig and its adjacent municipalities connect to the vision behind EMBRACER on multiple levels. For a metropolitan area with strong commuter flows as well as an urban center with a highly frequented public transport system and active mobility structure, EMBRACER gives the stage to stakeholders from a diverse background to build an innovative mobility future for Leipzig.
